**1. Calendar Planning, Entry and Appointment of the Competitions**

**1.1 “DKB“ FIS Nordic Combined World Cup**

- 1.1.1 Each National Ski Association is entitled to apply to the Nordic Combined Committee for WC-NC competitions (individual and team competition) by the pre-established deadline.
- 1.1.2 The application has to be made five years in advance and on the official FIS entry form. The application form must show the expiration date of the hill and course certificate.
- 1.1.3 The last WC-NC event in this competition season is the WC-NC final. In connection with the WC-NC final the overall WC-NC prize-giving ceremony will take place.
- 1.2 Appointment of the WC-NC-Events**
- 1.2.1 The Nordic Combined Committee examines:
- the suitability of the hill and course in question for WC-NC-competitions by means of the valid certificate
  - the suitability of the organisers in question for WC-NC-competitions by means of a selection criteria which includes, among other things, the guaranteed availability of an international TV-signal suitable for live transmissions for the entire duration of the competition.
- 1.2.2 According to the result of this evaluation and the proposed dates the Nordic Combined Committee establishes a provisional WC-NC-competition schedule for the upcoming five years. The final WC-NC-competition calendar for each season requires the approval of the FIS Council.

### **1.3 Date Protection**

1.3.1 Only one WC-NC-event can take place on the same date.

1.3.2 The International Championships (OWG + WSC) are protected as to their date which means that no WC-NC-competitions can take place.

### **1.4 Cancellations**

In the events that the selected competition site cannot be used, the respective National Ski Association must cancel the event(s) and this must be done at the latest eight (8) days before the competition.

### **1.5 Waxing Cabins**

The Organising Committee is obliged to put necessary waxing and preparation cabins at disposal without any additional costs for the user.

## **2. Participation Right in WC-NC Competitions**

3.1.3 **World Cup Standings**

The WC-NC points of all individual competitions of the current season will be counted for the WC-NC overall winner.

If two or more competitors have the same number of points at the final evaluation, the order will be determined according to the highest number of individual victories resp. according to the successive ranks in FIS World Cup events.

If the competitors are still equal, the starting order will be drawn.

3.1.4 The current leader of the WC-NC overall evaluation receives the „WC-NC Leader bib“, which he is allowed to keep. The „WC-NC Leader bib“ has to be worn by the leader at the WC-NC-event, at the official winner's ceremony and in all official Ski Jumping trainings.

3.2.2 At least eight National Ski Associations must participate if a WC-NC team competition is to count for the WC-NC Nations Cup.

3.2.3 Starting order in team competitions

The starting order will be based on the reverse order of the actual World Cup Nations' standings.

3.2.4 **WC-NC Nations Cup**

The sum of the points of all competitors from one nation of all WC-NC competitions of the current season – including the points of the team competitions – will be taken into consideration for the WC-NC evaluation per nation.

In case of an equality of points in the WC-NC nations evaluation, the better ranking order of the different competitions (individual as well as team competitions) will decide.

4. **WC-NC Competitions**

4.1 **Number of Participants for the National Ski Associations**

The number of participants will be calculated periodically according to:

- the World Ranking List (see art. 4.1.1)
- the standings of the actual Continental Cup NC period

The basis for the calculation is:

- the top 50 competitors in the World Ranking List (with a maximum of seven (7) athletes per nation)
- the top three (3) of the COC-NC period.

However, a nation's quota is limited to a maximum of 8 athletes per nation.

- Apart from the nations quota (according to the ranking list), each nation which has gained at least one (1) individual or team competition point during the past or the current competition season shall have a basic quota of one plus two (1+2).

#### **4.1.1 FIS World Ranking List**

The quota calculation as well as the payment of the travel expenses will be done according to the World Ranking List which is established according to the following criteria:

- The points system is the same as for the World Cup ranking (1<sup>st</sup> rank 100 points, 30<sup>th</sup> rank 1 point).
- The competition results of the 5 periods of the past World Cup season will gradually be replaced by the competition results of the 5 periods of the current World Cup season.
- This updating procedure is repeated after each of the periods, so that the 5 most current periods are used to calculate the World Ranking List.
- The 50 best competitors of this World Ranking List will be taken into consideration for the quota.
- The nations' quota is valid for the entire period that follows and is not affected by actual competition results.

#### **4.1.2 Division into periods**

The FIS World Cup NC calendar 2008-2009 is divided into the following five (5) periods:

1 <sup>st</sup> period:	29.11.2008-21.12.2008 (Kuusamo - Ramsau)
2 <sup>nd</sup> period:	27.12.2008-04.01.2009 (Oberhof - Schonach)
3 <sup>rd</sup> period:	10.01.2009-17.01.2009 (Val di Fiemme - Vancouver)
4 <sup>th</sup> period:	31.01.2009-15.02.2009 (Chaux-Neuve - Klingenthal)
5 <sup>th</sup> period:	06.03.2009-15.03.2009 (Lahti - Vikersund)

#### **4.1.3. Starting quota in the official training and the competition round**

Each National Ski Association is allowed to enter the number of athletes according to their nation's quota, but no more than eight (8) as a maximum.

Nations with quota one and two are allowed to enter a number of two (2) athletes in addition. Nations with quota three are allowed to enter one (1) athlete in addition.

Nations without a quota at all or with a basic quota (see art. 4.1) are allowed to enter up to two (2) athletes as a maximum.

The National Ski Association of the organising country has the right to enter an additional National Group (group I) up to a maximum of four (4) athletes for the official training and the qualification/competition round.

However, if an event programme includes a team competition, the participating nations are allowed to enter up to a number of four (4) athletes as a maximum for the individual competition as well, as long as the conditions according to art. 2.2 are kept.

The maximum starting quota of the National Ski Association of the organising country is therefore 12 athletes for the official training and the provisional competition round/competition round, and all other participating nations may enter up to a maximum quota of eight (8) athletes.

If more than two (2) WC-NC events are planned to be carried out in one country, the hosting National Ski Association is only entitled to enter a National Group in a maximum of 4 competitions.

The number sequence of the groups is as follows:
