Note: **Calculation of the time difference in individual events:**
 The start time difference for each athlete is calculated by converting the number of points behind into time. Each point behind is equivalent to four seconds; an athlete 15 points behind will start with a time difference of one minute.
Wave:
 To prevent too large start time differences, the Jury can decide upon the use of the "wave start". At the end of the Cross-Country race, the actual time difference after Ski Jumping will be adjusted accordingly.

Legend:			
**	Wave Start	=	Equal sign indicates that two or more athletes share the same rank
